

# Actual Opening Hours (Click & Collect)

Location: Toy library/Actual Opening Hours (Click & Collect) or Branches/Actual Opening Hours

## Listing Actual Opening Hours (C&C View)

In Click and Collect Mode, the Actual Opening Hours page will change to include the Add Sessions box, and also a warning link if there are any bookings in the past (a booking is any session allocated to a member, regardless of confirmation status or toys in basket). To create sessions, you need to select a date/s, how long each session will go for (up to 60 minutes), and how many sessions you want per time slot. Sessions will be generated as long as the start time is within the open hours (so if sessions are 45 minutes long, and the open hours are 1pm to 3pm, sessions will be generated for 1-1:45, 1:45-2:30, and 2:30-3:15, for example).

Sessions created are additional to any pre-existing sessions, so be sure you have the correct date/s selected. Sessions are also immediately available to members once they are created. As a toy is considered in a basket until it is either loaned or removed, we recommend against making C&C sessions too far in advance, otherwise you may find members booking a session 3 weeks away, for example, which means no one else can borrow the toys they have selected in that time.

## Day Summary

This page gives a run sheet for the opening hour.

Unallocated sessions can be removed. Members name is displayed, whether they have confirmed or not, if they intend on loaning and/or returning, and how many toys in their C&C basket.

Unverified members will have a note next to their names to help indicate if you may have a new member coming in.
