Membership Types (Page)

Location: Members/Membership Types

Membership Types

Membership Types are the types of membership your organisation uses, and define what rights and responsibilities your member has.

This page displays a table of all membership types which are not legacy. Legacy membership types can be viewed via the link in the top right corner of the page.

Statistics in the table are taken from current (not locked) members.

Name	Description	Membership Fee	Max loans	Max click and collect items	# volunteer sessions required	Duty levy per session	Visible to public?	Usual Loan Period (days)	Usual Renewal Period (days)	Membership Length	# of members	%	Edit	Delete*

*Note that only Membership Types for which there are no associated members may be deleted

Clicking on a Membership Type name will give you a list of all current members with that Membership Type, and the parameters of that membership. Clicking on edit will allow you to change these parameters, but they will only apply in actions going forward - if you change loan period it will only apply on toys borrowed after the change has been applied, or if you change the

membership fee it won't change charges already applied, only new sign ups/renewals, etc.

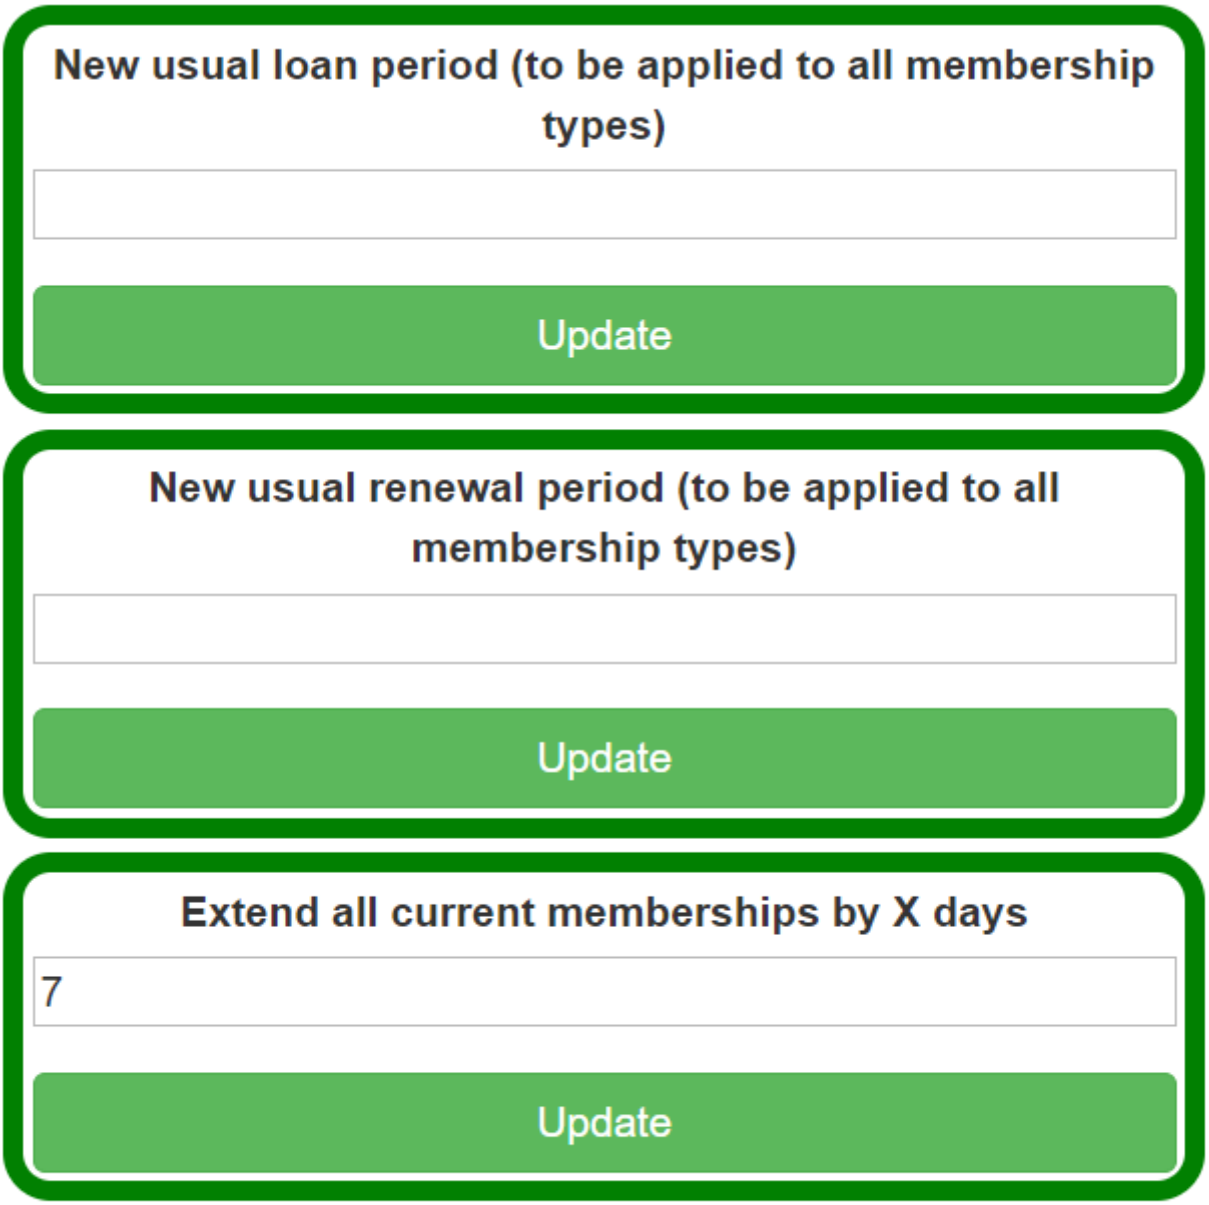

Bonus bits:

Scrolling to the bottom of the page will give you global edit options. None of these can be undone, so tread carefully.

New usual loan period: As noted, this will be applied to all membership types. It can be more or less than the previous loan period (ie if your usual loan period is 30 days and you want to switch to 21, you would enter 21 in here and click the button).

New usual renewal period: Same as above, just applied to renewal period instead of loans.

Extend all memberships: If your organisation wants to extend memberships (ie you are closing for a period, or just feeling generous), you add this here. Note: this will apply to all current memberships, including any that have expired - so recommend tidying up your membership list first before applying this change.
